- Mike Grinager asked for feedback from membership if this is the finals that they would like to have. Advertising was talked about, are we doing enough? We advertise only in Fergus. Do we need to expand our advertising to other areas. Are we in the right spot? Are we at the right time of year? Time of our rodeo was last night was 3 hours and 35 minutes. We should be at 2 and half hours. Everyone needs to hurry up and get someone who is in charge to hustle people along. We loose college kids with this time of year. Slack? Go to less people in the performances. The board was asked if we should change the number of people in the performance on a sliding scale. The majority was agreeable to this. The board will draft a proposal to look at less people in our performance for finals on a sliding fee scale. Emmett Davis spoke about putting on a show that people want to go to with clown acts, well known bands, etc.
